

## **BUSCAMOS ENFERMEROS/AS PARA FLORIDA (EEUU)**

We are recruiting nurses for one Hospital in Florida. It is a 101-bed freestanding heart hospital filled with advancements in technology, techniques and revolutionary patient-centered care and is raising expectations for the diagnosis, treatment and study of cardiovascular disease.

It opened the area's first accredited Chest Pain Emergency Room, which demonstrated their commitment to provide a gold standard of care in acute cardiovascular medicine by meeting and exceeding standards set by the Society of Chest Pain Centers.

### **Job Summary:**

1. The observation, assessment, nursing diagnosis, planning, intervention, and evaluation of care; health teaching and counseling of the ill, injured or infirmed; and the promotion of wellness, maintenance of health and prevention of illness and others.
2. The administration of medication and treatments as prescribed or authorized by a duly licensed practitioner authorized by the laws of this state to prescribe such medications and treatments.
3. The supervision and teaching of other personnel in the theory and performance of any of the above acts.

### **Requirements:**

- Graduate of an accredited school of nursing. (Bachelor of Science in Nursing)
- ICU experience highly preferred. Cardiac experience is a plus
- BLS and ACLS certifications or similar
- English B2 level minimum
- Availability to work in Florida (USA)

### **We offer:**

- Unlimited contract
- Training
- Management of the Florida RN license
- Support in the move to Florida

Applicants please send CV to: [recruitment.espana@job-impulse.es](mailto:recruitment.espana@job-impulse.es) with the name of the offer.
